# STEAM EDUCATION

## GET HANDS ON WITH COOL PROJECTS

Students will follow along with stories about their mini-figure friends to complete building challenges. Along the way they'll learn about gears, pulleys, axles, levers, and more!

## TAKE HOME LEGO PROJECTS!

On the last day of class students will take home their own custom Lego creation using key engineering pieces they learned about throughout the session.

## FUN, ENGAGING, AND EDUCATION!

A smart and playful way to learn the fundamentals of S.T.E.A.M (Science, Technology, Engineering, Art and Math) through hands-on building and design.
